

Reflections Program

The annual PTA Reflections program is underway. For 40 years, the national PTA Reflections Program has encouraged students across the nation and in American schools overseas to explore their artistic talents. The PTA Reflections Program is designed to enhance quality arts education for students in preschool through grade 12, encouraging them to create works of art in the areas of dance, choreography, film production, literature, musical composition, photography, and the visual arts. More than 500,000 students participate through their local PTA's each year.

The Reflections Program helps parents encourage the creativity and lifelong learning of their children, and offers children recognition for their artistic endeavors.
